

Where & How Greener Way Operates

The company since inception has the operations unit in Thimphu, however, we have partner Waste Managers in seven districts spread out in country.

Our team is divided in to three different departments:

- Information, Education and Communication Division
- MSW collection
- Material Recovery Facility

Our vision is to be the leading catalyst for a waste-free Bhutan, where waste is recognized as a valuable resource. Our portfolio of services encompasses a comprehensive array, including waste collection, segregation, recovery, recycling and consulting services.
